DeLand Highlands

A GROUP of 30 concerned homeowners met with the zoning commission Tuesday at 1 p.m. to voice their opinion of a proposed 32 acres mobile home park to be constructed in the DeLand Highlands area.

The zoning commission, according to an officer of the DeLand Highlands Betterment League, noted the group's concern and said it would recommend a denial of application to the county council.

The officers of the league expressed thanks to those in the community who turned out for the show of support. Those who missed the meeting and would like more information about giving support may contact one of the officers, either **Virginia Bolek, Michael Coppolla, Silvia Kessler** or **Barbara Augustine**.
