Shortly after we got off the phone. I can get better images of the logos or names, the one camera that points in that direction was facing a person at that time.

Thanks Justin. I've sent this to the Project Manager at P&S Paving so he can let his truck boss know. Please send me anymore that you see so he can get to the bottom of it.

Thanks,

Denny Cowart

It has slowed down a lot! We all really appreciate it over here. Thanks. This has been the only one for quite a bit. Not sure if its part of the project or not. But I figured id send anyway.

Justin,

Thank you. I have been forwarding your pictures to the contractor as I get them. We just had our first progress meeting at the FDOT office on Kepler and we strongly emphasized that this route is a disruption to our neighbors. P&S has assured us they are doing everything they can on their end. I'm glad this is getting better.

Thanks again,
